

School Based Youth Services Scholarship Essay Contest

For All Seniors!

The New Jersey School Based Youth Services Program (SBYSP) is sponsored by the Department of Children and Families to help young people navigate the adolescent years and graduate healthy and drug free. School Based Youth Services has grown since it first came to the Cape May County Technical High School in the spring of 2006. At this point in time, 100% of the student population ends up taking advantage of individual or group activities prior to graduation.

Thanks to the ongoing support from the Cape May County Technical High School, the West Cape May Business Association, and our local community, School Based Youth Services will continue to celebrate the success of the program by recognizing the accomplishments of the students we have served.
