## QUESTIONNAIRE CONSENT FORM

This year the School Based Youth Services Programs (SBYS) will participate in a statewide analysis survey being conducted with students in New Jersey who have participated in a SBYS program. The information obtained from this survey will be anonymously submitted to the state of New Jersey's Division of Prevention and Community Resources. The state will then utilize the data to demonstrate the benefit of the SBYS programs and therefore support the need to continue funding these programs.

Students are being asked to complete "**Rosenberg's Self Esteem Scale**" when they begin meeting with one of our SBYS staff members. These students will then be asked to complete the scale again after they have participated in individual meetings.

Students may stop participating in the survey at any point. While participation will help us to ensure ongoing funding, please note that your student's participation in the questionnaire is **voluntary**. On the back of this form you will find a copy of the questionnaire. A copy will also be posted on the web site.

**Please complete this permission form and have your student return it to the main office.**

Yes, my child may participate in this project.
