CAMP CARPENTRY

(9-14 year olds) **\$155**

Interested in hands-on building and carpentry? Join Camp Carpentry to learn basic skills, safely use hand and power tools, and create practical projects to take home.

CAMP COSMO

(9-14 year olds) **\$165**

Explore the fusion of art and science in Cosmetology during Camp Cosmo! Learn hair care, styling, up-dos, braids, manicuring, and makeup application techniques on manikins at Cape Tech's modern Cosmetology salon.

CRAFTY QUEST

(9-11 year olds / week 2 only) **\$155**

Whether an aspiring artist or simply looking to unleash imagination, students embark on a journey of creativity and self-discovery! Join us for a supportive, stimulating environment to explore, make friends, and have fun.

CREATIVE SKETCHING

(12-14 year olds / week 1 only) **\$155**

Are you keen to craft engaging hands-on art projects? Discover the art of maintaining a sketchbook and mastering basic drawing and painting techniques. Dive into nature, and incorporate mindfulness practices into these artistic endeavors!

CRIME SCENE INVESTIGATION

(9-14 year olds / week 1 only) **\$155**

Do you enjoy detective work? Join our crime scene investigation team to put your skills to the test. As an investigator, you'll analyze evidence, identify suspects, and crack the case. Get ready for an exciting challenge in class! Police investigating is hard work, so come ready to get moving!

ESPORTS

(12-14 year olds / week 1 only) **\$155**

Discover the educational side of Esports! Explore career paths, popular games, team dynamics, and the technology behind Esports. Dive into digital innovation and community engagement in gaming.

FUN WITH FOODS

(9-14 year olds) **\$185**

Enter the world of culinary arts! Explore basic food prep with a focus on healthy options. Sample breakfasts, lunches, dinners, desserts, and snacks. Learn recipe reading, measurement, kitchen equipment care, safety, and sanitation. Get creative with food, try new skills, and have fun with taste tests!

MAKING THINGS GO – ENERGY EXPLORE

(12-14 year olds / week 2 only) **\$155**

Discover the power of everyday items and recycled materials to create energy and motion! This hands-on makerspace class explores various energy sources, including air, battery, solar, and mechanical. Build projects like cars, windmills, hovercrafts, rockets, and solar fountains. Test your designs in a rally at the end of the week!

MARINE ADVENTURES

(Week 1: 12-14 year olds // Week 2: 9-11 year olds) **\$185**

Embark on a sea life adventure! Explore the local salt marsh and its inhabitants, including fish, birds, crabs, and clams. Learn to catch and prepare estuary delicacies like crabs, clams, oysters, and fish. Enjoy activities such as boating, crab pot construction, fishing lure making, knot tying, bird watching, and eeling. Get hands-on with discovery, and don't forget old clothes and sneakers for getting wet and muddy!

MEDICAL EXPLORATION

(12-14 year olds / week 1 only) **\$155**

Thinking about a career in healthcare or medical sciences? You will learn about them through hands-on activities, interactive demonstrations, and immersive experiences. You will gain insights into medicine, learn about the human body, and gain diagnostic skills utilized by healthcare professionals.

PUBLIC SAFETY CAMP

(9-14 year olds / week 2 only) **\$155**

This camp introduces youth to law enforcement and firefighting roles through hands-on activities. Learn teamwork, leadership, and emergency response while gaining insight into these professions. Whether considering careers or community service, discover potential and civic responsibility.

ROCKETS AND ROBOTS

(Week 1: 12-14 year olds // Week 2: 9-11 yr olds) **\$155**

In Rockets and Robots, campers explore Science, Technology, Engineering, and Math through hands-on activities. Students will build robots and solid engine rockets for testing and competition. Launch rockets during camp and take them home as keepsakes.
