

Annual Poinsettia Sale at Cape Tech's Greenhouse

Celebrate the holiday season and support Cape Tech's Agriscience and Horticultural program by visiting the greenhouse located behind the school. The event runs through December 21 from 8:15am to 2:30pm Monday through Thursday.

This year's Holiday Plant Sale offers a great selection of poinsettias in three sizes including a small 4" pot averaging 3-5 solid blooms, a medium 6" pot stand with 5+ blooms, and a large 10" pot with a dazzling 18 or more blooms. There is an array of colors to match every decorating taste- from classic reds, whites and pinks, to variegated splashes of speckled reds and marbled blush pinks. Prices- Small 4" - \$5; Med 6" - \$10, 3 for \$25; Large 10" \$25.

Cape Tech students practice valuable communication skills as the customers tour the greenhouse and students help wrap plants in decorative foil and protective sleeves. The classroom has transformed to a decorated storefront and the greenhouse makes a festive showroom.

Isabelle Bove, senior, of Lower Township, said, "As a female, I enjoy learning how to properly use industry tools as well as gaining greenhouse management and landscaping experience."

Mr. Joshua Andrewson is the teacher for the Agriscience and Horticulture Career and Technical Education Program of Study . Andrewson shared, "The direct contact with working with customers help the students have hands on experience and learn real world math and communication skills."
